## chainsaw protection

**PROTECTED • VISIBLE • MOBILE**

On urban or railway worksites, being visible is just as vital as being protected.

### VISIBILITAS HV T-SHIRT FI095HV ML

**Natural barrier:** Dense honeycomb knit and high zipped collar limiting contact with vegetation and ticks.

**Sun protection:** UPF 50+ (UVA/UVB protection) for extended outdoor exposure.

**Thermal and moisture management:** Ultra-breathable structure supporting moisture evacuation.

**High visibility:** Class 2 visibility to remain identifiable even without a jacket.

**Eco-design:** Recycled materials with durable comfort and breathability.

**Sizes:** S to 4XL.

### TREE CARE PRO HV TROUSERS FI554DHV (CLASS 1) FI354DHV (CLASS 3)

**Chainsaw protection:** Available in Class 1 (20 m/s) or Class 3 (28 m/s).

**Total mobility:** 4-way stretch fabric (Made in France) for unrestricted movement during climbing.

**Professional details:** Removable gaiters with hook and rear ventilation zips.

**Reinforcements:** Cordura® panels on high-wear areas.

**Environmental commitment:** Recycled materials with PFC- / PFAS-free durable water-repellent treatment.

**Sizes:** S to 4XL.
